28. Do not Panic.

29. Avoid crowded places.

30. Avoid unnecessary travels outside of Davao City.

31. If you are unwell, DO NOT GO TO WORK, DO NOT TRAVEL. Seek medical attention immediately. Provide accurate medical history to your doctors.

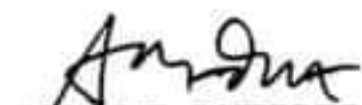

32. Additional Prevention Actions: <https://www.cdc.gov/.../2019-.../about/prevention-treatment.html>

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Follow recommendations for using a facemask:
 - Do not recommend that people who are well/healthy wear a facemask to protect themselves from respiratory diseases, including COVID-19.
 - Facemasks should be used by people who show symptoms of COVID-19 to help prevent the spread of the disease to others. The use of

facemasks is also crucial for health workers and people who are taking care of someone in close settings (at home or in a health care facility).

- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.

Please be guided accordingly.
